

Nurturing Care and the SDGs

Source: Nurturing Care Framework Toolkit

Elements of nurturing care in 26 active response plans*

* Based on an April 2018 analysis in “Early Childhood Development and Early Learning for Children in Crisis and Conflict” by Kolleen Bouchane, Hirokazu Yoshikawa, Katie Maeve Murphy, and Joan Lombardi, commissioned as background to assist in drafting the 2019 Global Education Monitoring Report.

The multiplier effect of early childhood development

4
 QUALITY
 EDUCATION

- Target 4.2 – access to quality ECD for all (even before pre-primary age)
- The early years form the foundation for future learning and productivity
- ECD contributes to more effective education systems

10
 REDUCED
 INEQUALITIES

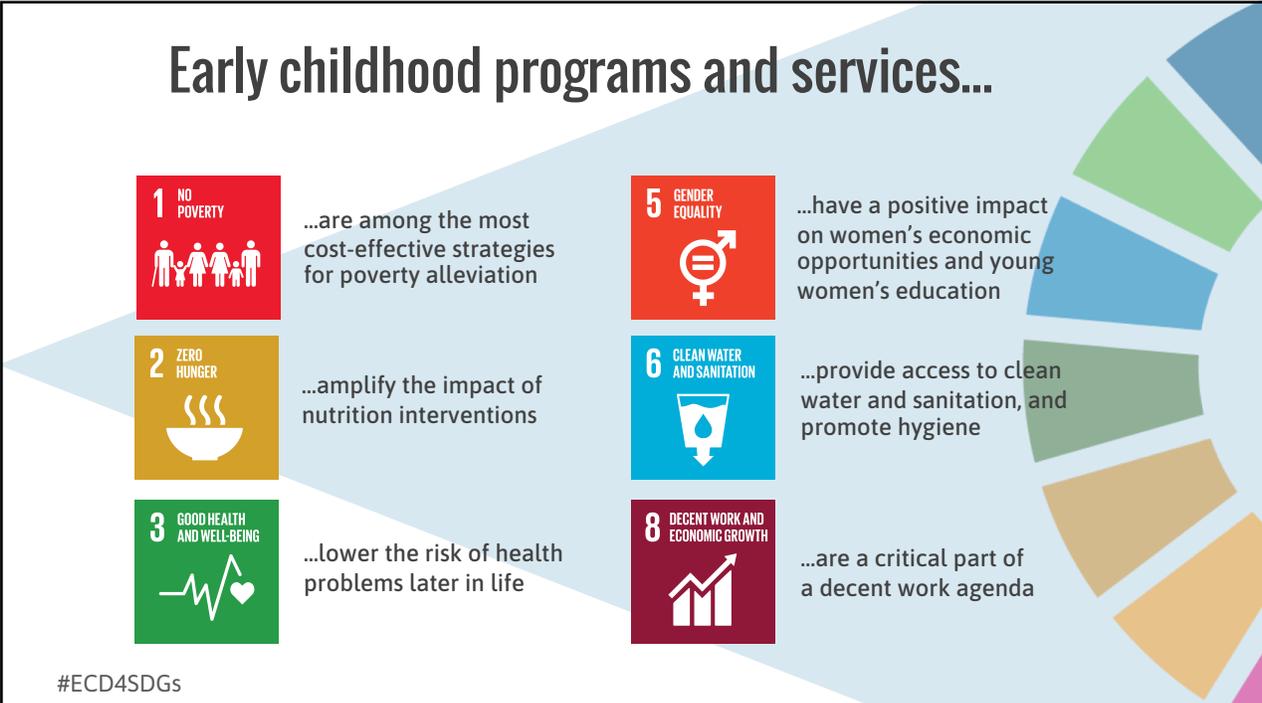

- Inequalities emerge – and are best prevented – early in life
- ECD = a powerful equalizer

16
 PEACE, JUSTICE
 AND STRONG
 INSTITUTIONS

- Target 16.2 – eliminate violence against children
- Target 16.8 – legal identity/birth registration
- Lower rates of violence in the home
- Greater social cohesion; contributes to justice through prevention

#ECD4SDGs

Early childhood programs and services...

1
 NO
 POVERTY

...are among the most cost-effective strategies for poverty alleviation

2
 ZERO
 HUNGER

...amplify the impact of nutrition interventions

3
 GOOD HEALTH
 AND WELL-BEING

...lower the risk of health problems later in life

5
 GENDER
 EQUALITY

...have a positive impact on women's economic opportunities and young women's education

6
 CLEAN WATER
 AND SANITATION

...provide access to clean water and sanitation, and promote hygiene

8
 DECENT WORK AND
 ECONOMIC GROWTH

...are a critical part of a decent work agenda
