

Seeds of Peace

Marsha Pruett · 2023

Lyrics

Verse 1

Welcome to our world, my child
Welcome to our world
With each new life we have a chance to plant the seeds of peace
Holding your tiny hands
Nestled in our own
We hold you close throughout the night 'til the morning sun returns

Chorus

Feeling safe at home sows the seeds of peace
Feeling safe at home sows the seeds of peace

Verse 2

When hate and fear destroy hope and trust
Seeds of peace can't grow
Compassion, care, respect, and love wither on the vine
There is no place for play
No chance for joy to bloom
In a house where peace is not at home, children's dreams can't thrive

Chorus

Feeling safe at home sows the seeds of peace
Feeling safe at home sows the seeds of peace

We need to repair the world
Let's start with you and me
We can repair the world
Together, you and me

Feeling safe at home sows the seeds of peace
Feeling safe at home sows the seeds of peace

Verse 3

This world will be yours, my child
Take the love you've known
Pass it on by how you live, make no place for fear at home

Chorus

Its time to spread our light and spread our love
Across time and space
We have the room inside our hearts to build a kinder place

Feeling safe at home sows the seeds of peace
Feeling safe at home sows the seeds of peace

We need to repair the world
Let's start with you and me
We can repair the world
Together, you and me

Feeling safe at home sows the seeds of peace
Feeling safe at home sows the seeds of peace

Sow the seeds, the seeds of peace
